

About Us

Elite Paka Services Company was founded in 1996 as a electrical wiring company in Nairobi, Kenya. Today, fourth-generation leaders draw upon the company's long-standing core values while taking steps to ensure the company has a strong and stable future. Elite Paka Services now provides a full slate of facilities-related services for clients in the life sciences, transportation, healthcare, convention/cultural, government, education, mission-critical, corporate, sports/recreation, and criminal justice markets.
